Whilst it was understood that the strict procedures in place would not allow for fraudulent activities the fidelity guarantee should cover the maximum amount in the Council's bank accounts.

236. TREES

An email had been received from Councillor P.M. Ryland seeking action regarding trees in Witham.

Councillor P.M. Ryland reiterated his concerns regarding the group of willow trees adjacent to the old Bramston Sports Centre site that had apparently been cut down due to an infestation of honey fungus. He had referred the matter to the Forestry Commission who had said that the work was inappropriate as the willows should have been pollarded and that the trees should have been replaced by the District Council.

Members were supportive of Councillor Ryland's comments that trees should not be felled unnecessarily and agreed that mature trees should be planted in their place. It was agreed that evidence should be sought regarding the need to fell these trees.

RESOLVED That an independent opinion be sought in the first instance as to whether the trees would have been subject to honey fungus.
