178. QUESTIONS AND STATEMENTS FROM THE PUBLIC

Mr Ross Playle commented on the new procedure to obtain blue badge renewals as set out in Councillor D. Louis’ report, he asked if the Town Council would be able to promote this information.

The Town Mayor thanked Mr Playle for his comments and said that this would be done.

179. ESSEX COUNTY AND BRAINTREE DISTRICT COUNCIL UPDATE

Members recorded their thanks to Councillor D. Louis for his report and noted his support for the Blackwater Rail Trail project. The Town Clerk explained that there had been a short meeting with Essex County Council and another scheduled in a few weeks’ time.

Members asked when the potholes, which had been reported as part of the Member-Led Initiative, would be repaired. Councillor J. Abbott explained that they would have already been inspected and categorised for repair according to their severity. Those of a minor nature would be repaired as part of routine maintenance and the worst ones repaired quicker.

Councillor J. Abbott then spoke about the major resurfacing at the Grove junction with The Avenue. He said that as part of the Member-Led Initiative he had reported 13 pot holes in Witham Northern. The Local Highways Panel had met recently and there were five schemes for Witham on the list including Lawn Chase re-lining and the zebra crossings for Crossing Road and Rickstones Road. He had spoken to the County Council Cabinet Member about funding as it would take until 2026 for the current schemes to be completed. The Local Highways Panel is not sustainable as only £1.45m has been allocated to the Braintree District.

He then spoke about the recycling centres and would raise at the Full Essex County Council Meeting in October the discrepancies of the types of waste and vehicles allowed to access centres as he considered residents should have the same access. He said that he had also been in contact with Network Rail regarding fly tipping onto the Braintree Branch line and was confident that this would be cleared. Members then spoke about collections of large items from homes and whether the District Council could provide a free collection. Councillor J. Abbott added that it was depressing to see fly tipped items that could have been recycled. He said that it was the Cabinet Member’s decision in 2016 to disallow certain items not to be recycled at the Witham Centre. Members requested that a letter be written to Essex County Council asking that Witham’s Recycling Centre be allowed to take the same items as Braintree.

Councillor J. Abbott said that there had been an A12 Forum meeting. He said that this was a once in a generation opportunity to get the detail right with regard to cycleways, etc.

Members asked Councillor J. Abbott whether he would be able to use his influence to get the white lining at Lawn Chase resolved as residents had waited three years. Councillor J. Abbott

said that he had sent an email fully supporting this issue and urging for completion of the work. He said that a contribution towards funding the project might assist.

The Town Mayor thanked both Councillor J. Abbott for the information and Councillor D. Louis for his written report.

Whilst the above item was being discussed Councillor S.E. Hicks arrived at the Meeting.

185. CHRISTMAS EVENTS

The Town Clerk explained that he had been evaluating the proposed Christmas Market and expressed concern regarding the number of people who might attend particularly if Witham's Market was the only such event in the area. Members agreed that it would be unsafe to proceed.

The Events Officer then talked about organising a festive, light display on the River Walk between Bridge Street and Pattison Close. It would be close to the Town Centre and easily accessible with the area lit up. It would run throughout December and into the New Year so residents would have plenty of opportunity to visit. The lights would be turned off at 11:00pm. The Town Clerk said that there was £22,000 unspent in the Events budget and such an installation would finish a dreadful year on a nice note.

Members were supportive of the plan and the Town Clerk gave an assurance that the installations would be insured. It was agreed that if restrictions lifted other events could be put into place such as a formal switch on of lights.

The Town Clerk said that he would explore the idea of lit Christmas Trees in Care Home gardens with the Deputy Town Mayor.

RESOLVED That the Christmas Market be cancelled.

RESOLVED That the Town Clerk be delegated to proceed with ideas relating to other Christmas Events to include the light display on the River Walk.

The Town Clerk said that he would need to establish negotiation with the land owners who might disagree for the land to be used in this way. A business case would then be drawn up.
