**85. QUESTIONS AND REPRESENTATIONS FROM MEMBERS OF THE PUBLIC**

Donna Williams, Head Coach of the Dynamix Gymnastics Club, spoke about their change of use application for 3F Moss Road. She said that the club had been based at Notley High School for the past five years and was at capacity with 120 children and 200 on the waiting list. She spoke of the benefits of gymnastics as part of the Live Well Campaign and fight against obesity. She said that the club had found three suitable premises previously but they had all failed to gain consent. She said that the premises in Moss Road would have three dedicated parking spaces along with spaces in front of the loading bay. She would also rent further spaces opposite providing 16 spaces in total. Parents drop-off their children and they are encouraged to car share.

Councillor Mrs S. Wilson said that it was usual for industrial estates to be used for gym facilities. The estates are employment zones and the gymnastic clubs employ staff. She would be fighting for the change of use for this type of facility which cannot be provided in town centres.

The Chairman thanked Ms Williams and Councillor Mrs S. Wilson for their comments.

**86. CLERK'S REPORT**

Members were informed that the application to erect a bin store at Collingwood House would be considered by the District Council's Planning Committee on 10<sup>th</sup> September 2019 and it would be necessary for a Member to give representations on behalf of the Town Council. Change of use from B1/B8 to gymnastics club (D2).

Members referred to the National Planning Policy Framework Paragraph 120 and the need to reflect changes in the demand for land and agreed that the application should be supported.

**RECOMMEND APPROVAL** on the grounds of Paragraph 120 of the National Planning Policy Framework that Planning policies and decisions need to reflect changes in the demand for land. They should be informed by regular reviews of both the land allocated for development in plans, and of land availability. Where the local planning authority considers there to be no reasonable prospect of an application coming forward for the use allocated in a plan: a) they should, as part of plan updates, reallocate the land for a more deliverable use that can help to address identified needs (or, if appropriate, deallocate a site which is undeveloped); and b) in the interim, prior to updating the plan, applications for alternative uses on the land should be supported, where the proposed use would contribute to meeting an unmet need for development in the area.

**91. A12 WIDENING**

Councillors M.C.M. Lager and Mrs S.C. Lager had attended the A12 Community Forum on 24<sup>th</sup> July 2019. The Forum had been organised jointly by Jacobs, Highways England and Essex County Council. The A12 widening was now two years behind schedule. The Planning Inspector was examining the impact of the proposed Garden Village at West Tey with regard to access and transportation. Whilst there was funding available for the A12 the proposed new route for the A120 has no funding. There will be a six week public enquiry running from September to October. The recommendation was made that a letter should be sent to Highways England urging that the southern section of the scheme should be implemented directly rather than to await the results of the examination of the Local Plan.

**RESOLVED** That the information be received and a letter sent to Highways England asking that the southern section of the A12 widening commence.

**92. REQUEST FOR SPEED SURVEY IN COLLINGWOOD ROAD**

Members agreed that in addition to a speed survey in Collingwood Road, an application should be made for a speed survey in Avenue Road.

**RESOLVED** That speed surveys be requested for Collingwood Road and Avenue Road.
